

Summer School, Barcelona 2013

LIST OF ACCOMMODATION SUGGESTIONS

Consider that each participant have to secure their own accommodation. In order to help you with this process we have put together this list of the hotels on the area that may suit different budgets. All the hotels are at a very short walking distance from the venue but you may also have many other options available in the city. Check the map for their location at <http://goo.gl/maps/gyJtp>

Please keep in mind that end of July is peak season and you should reserve early.

The prices and characteristics have been provided by the hotels themselves and we have just verify the distance and discounts (when available). Prices and conditions may change (the ESMUC discount at "melon district" should not) and you should add a Tourist tax of €0.72 per person per night. Some of the options will include breakfast while others will not, please check with each hotel.

NOTE:

- On some of the hotels you will find a "flexible fare" with less restrictions and another fare that do not allow cancellations but cheaper (for example the "Melon district").
- All the information here was provided by the hotels themselves and you should be confirmed it yourself.
